

## Examination System

- As attached in other PDF file you will be responsible to design and develop Examination System
- You will choose your name form menu(Drop Down List) and start exam
- Random Question will Appear then every question have only one answer as shown .
- Exam duration will be 2 minutes if time ended exam will exit with degree and name
- If person who has exam success print his degree with his name in green color if not print his data with red color .
- You can stop Exam before time out .

### **Bonus:**

- If person will has exam for second time show him his previous degree.

### **Note :**

- 1- add your logic to Examination system
- 2- this project is individual
- 3- dead line for this project 16 march 2022 11:00 pm .

-
